Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious the subject matter of the independent claim. The subject matter not taught is a method for removing embolic material during an open surgical procedure comprising, *inter alia*, the steps of providing a cannula, a filter disposed about the distal end which is expandable and contractible between a contracted and enlarged condition and an occluder which is expandable, making an incision in an aorta, introducing the cannula into the aorta through the incision while the filter is contracted, expanding the filter to achieve contact with the endoluminal surface of the aorta, expanding the occluder to occlude, contracting the filter with embolic material captured therein, and removing the cannula and captured embolic material from the aorta.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Laura A. Bouchelle whose telephone number is 571-272-2125. The examiner can normally be reached on Monday-Friday 8-4.
